

The Liphook Heritage Centre is pleased to announce that there is now an exhibition of historical artefacts found over a number of years on the Bohunt Manor Estate Liphook when it was the residence of Sir Adrian and Lady Holman.

The display of artefacts is very extensive and includes a Bronze Age axe head, a Celtic coin, many Roman coins, Roman pottery shards, several medieval coins from King Canute's reign to Elizabeth I reign, coins from James I through to George III, 19th and 20th century coins, 17th century Jews harps, trade tokens and a collection of 19th century musket balls!!

There is evidence that the Estate was the site of Roman occupation possibly with a Roman villa located near to the current Manor House.

The exhibits in the display have been clearly laid out for our visitors to appreciate the extent of history on this important site so close to the heart of Liphook, but within the South Downs National Park.

The Liphook Heritage Centre at the Millennium Centre First Floor is open from 10.00am to noon on Mondays and Fridays and from 2.00pm to 4.00pm on Wednesdays.

There is a one-off special opening on Thursday evening 30th January 2014 between 6.00pm and 8.00 pm.

There is access to the first floor by a lift if it is difficult for visitors to negotiate the stairs.
